STOCK #33501R

TANK: 3350 Gallon aluminum tank with 2 compartments holding 1000-2350 gallons. Tank has single bulkheads, 3" emergency valves with 2" lines run to the curb side terminating in 2" Betts Wet-R-Dri valves. Tank is AL5D style with (1) 6" aluminum hose tube and (1) aluminum tool cabinet. There is a built-in ladder on the driver's side front.

MODEL AL5D: Tank is a modified "Bikini" style with full rear head behind a large rear equipment canopy which accommodates one inverted hose reel. This canopy opens both to the curb and driver's side with rollers/guides on both sides for ease of delivery.

EQUIPMENT: (1) Set of pumping equipment located in the rear includes: (1) 3" Roper pump, (1) 2" Neptune meter with auto stop and ticket printer, (1) inverted 1-1/2" hose reel, (1) 100' x 1-3/8" fuel hose, (1) 1-1/2" nozzle, (1) 2" jumper hose with 90° coupler, (1) new air shift power take off with cab controls, (1) fire extinguisher and (1) set flip placards.

TRUCK: 2001 International 4900 with DT466E diesel 250 HP engine, 9-speed transmission, 12,000# front axle, 40,000# rear axle, double channel frame, air suspension, air brakes, power steering, rear and front steel disc wheels, 295/75R 22.5 tires, (2) 75-gallon fuel tanks, dual air horns, heated West Coast mirrors. Truck has air conditioning, AM/FM/Cassette radio, horizontal exhaust, air dryer, cruise control, air ride high back driver seat and fixed passenger seat, engine block heater, differential lock, tilt steering wheel, fog lights and power passenger mirror. 125,050 Actual Miles

Chassis has new pure white paint job. Tank is natural aluminum.

Tank is MC 306 certified to haul gasoline and all other petroleum products.

Current V-K-I-P tests are included.

A 90-day warranty on tank and equipment is standard. As is our custom, no warranty is offered on used cab and chassis.
